<td>£290.44</td>
</tr>
</tbody>
</table>

Special hint:
Since suture material is rather tough, the cutting capacity of scissors is quickly reduced which is noticeable as soon as tissues are cut afterwards.

Our solution:
To cut sutures with special ligature scissors. The ligature scissors FD252R have additionally rounded edges to avoid sutures to get jammed.

Aesculap Sinus Elevation products

Sinus Elevators

The Schneiderian membrane of the sinus can be detached with elevator 4S10-1146 by 1-2 mm along the total cortical bone.

The 4S10-1148 is particularly useful in the lower part for detaching the membrane further. The same goes for the caudal area, especially when the membrane is 4-5 mm above the base of the maxillary sinus and the maxillary sinus is built up with granular material.

Elevator 4S10-1150 makes it possible to lift the membrane further in mesial region. One working tip is specially designed for the right maxillary sinus and the other for the left maxillary sinus.

With elevator 4S10-1149 the sinus membrane is further elevated in the upper and posterior part of the maxillary sinus wall.

**Hemospon**

Hemospon is a haemostatic absorbable gelatine sponge, made with lyophilized hydrolyzed collagen of porcine origin.

4S09-1010
RRP £29.99
**Offer Price** £26.99

---

**Premier Implant Cement**

Retention & Retrievalability in one unique cement

- 45- 60 seconds working time
- Compressive strength - 34 MPa
- Film thickness - <15 microns
- Shelf-life - 2 years
- Secure retention – Long-term cementation
- Retrievalability – Off when you need it
- Low solubility – Good marginal seal
- Easy handling – Two-stage cure features initial gel-phase in 2.5 minutes for easy removal of excess cement. Rigid final set ensures marginal seal and firm retention.

- Automix dual-barrel syringe and disposable mix tips
- Consistent product mix and controlled dispensing save time
- Aesthetic gingival shading - Natural appearance
- Virtually no taste or odour - Increased patient comfort

Contains: 1 x 5ml Auto-mix Dual-Barrel Syringe, 10 x Mixing Tips, 1 x Mixing pad.

4S09-1000
RRP £35.00
**Offer Price** £29.99

---

**Epiglu Skin Adhesive**

Single Dose EPIGLU® Skin adhesive Pack of 10.
Supplied in an easy peel aluminium foil pack containing a single 0.3ml dose of Ethyl-2-Cyanoacrylate skin adhesive.

4S10-2010  £80.00

---

**Detax Implantlink Semi, Semi-permanent Implant Cement**

The main advantages when using Implantlink Semi are:-

- Ultimate marginal gap sealing through highly cross-linked non-brittle polymer structure, preventing penetration of bacteria.
- Lower displacement resistance than conventional cements, meaning easy damage free removal of restorations. Extremely low film thickness, only 8 micron. Therefore reliable and precise positioning of the restoration.
- Excess cement can be effortlessly removed, in large pieces without fragmenting into smaller harder to remove particles. Stress free cementing, due to long working time of 80 seconds.

Flexible processing times with dual curing system, controlled gel phase. Compatible with all material combinations. Colour natural opaque for screening metallic abutments. Anti-bacterial, eugenol-free, odourless & tasteless.

4S09-2000
RRP £45.86
**Offer Price** £38.98

**Dental Photography Mirrors**

High resolution intra-oral photos depend on superior reflective mirrors. We offer four styles that give you unparalleled access to all intra-oral regions. These mirrors have a solid chrome coating on 3mm transparent glass, which is the best choice for photography, providing higher reflectance for sharper, precise images with 35mm and digital photography. These mirrors withstand repeated steam and autoclave sterilization. Sterilize at 350°F, 180°C.

Cheek Retractors

Auxiliary aid for easy and effective enlargement of the treatment field. It allows the patient’s lips and cheeks to be gently and evenly retracted to provide a full view of the anterior and posterior teeth, while the lips are completely covered and protected. Available in two adult sizes - Regular, Small and 1 Junior size. Sold in packs of 80. OptraGate is entirely latex-free.

Assorted Kit DB04-0420
Regular Refills DB04-0421
Small Refills DB04-0422
Junior Refills DB04-0423

£85.00/pack

Stainless Steel Cheek Retractors

Glare free brushed metal excellent for photography. Fully autoclavable. One per pack.
DB04-0199
£20.50/each

Double Ended Photo Retractors

Sized for adult and child. Durable plastic design. Sold in pairs.
DB04-0183
£15.50/pair

Soft Spandex

Soft material allows greater flexibility. Soft cheek retractors are less prone to fracture than hard plastic type. Ideal for intra-oral photography as matt finish does not reflect glare from flash unit. Fully autoclavable. Standard and Junior size. Sold in pairs.
Large DB04-0185 £18.00
Small DB04-0186 £18.00

Opaque Cheek Retractors

Can be autoclaved at 134°C or cold sterilized. Sold in pairs.
Small DB04-0174PP £26.00
Large DB04-0175PP £26.00

Cheek Retractors

Very clear, excellent for photography. Can be autoclaved at 121°C or cold sterilized. Sold in pairs.
Small DB04-0174 £26.00
Large DB04-0175 £26.00

Photo Cheek Retractors

Each end of the retractor has a unique size that can be used with children and adults. The ends are elongated, unlike many other photo retractors resulting in superior intra-oral photography. The photographer is able to take pictures without the aid of an assistant. Sold in pairs.
Small DB04-0178 £26.50
Large DB04-0178L £26.50

More Cheek retractors and photography supplies available ask for your copy of 'Taking the perfect picture' flyer.
Interproximal Reduction Accessories

**Stripping Discs**

Serrated diamond discs with fine diamond grit, for separating ceramics, plaster, acrylics, resin veneers. Available in 2 diameter sizes: 19mm (20,000 rpm) and 22mm (15,000 rpm).

Permanent retention is greatly enhanced using a flattened, soft 8-braided wire. Intra-arch splinting with this thin ribbon arch prevents torque control problems that can occur using a round braided wire for these procedures.

**Bond-A-Braid Hilgers™ Lingual Retainer Wire**

DB22-0455
£44.00/Pack of 10

**Ortho FlexTech**

**14ct Gold alloy**
- Lingual surface microetched for improved adhesion
- 100% passive.
- Debond and apply OFT in the same visit.
- 30’/76cm Spool; Average of 23 fixed retainers/spool.
- No laboratory costs or delays.
- Naturally forms to lingual arch curvature.
- Excellent for periodontal stabilization.
- Flowtain Light Cure is a perfect combination with OFT.

DB09-R/OFT2 £120.00

**FlowTain**

Flowable light cure composite with low viscosity, making it ideal for use with Ortho FlexTech.

DB09-R/OFT3 £20.90

**Mini Mold**

**Mini Mold**
Choose from 7 different Mini-Mold Treatment Aids.
Each Mini-Mold Treatment Aid includes: 10 Mini-Mold tips (same type), 1 tip handle and detailed step-by-step instructions (Bite-Ramp pk of 8).

**Mini Mold Starter Kit**
Kit includes: 24 Mini-Mold tips (3 of each style), 2 tip handles detailed step-by-step instructions.

DB09-0250 £98.50

**Bite-Ramp Mini-Mold Tips**
Creates a bite opening ramp on the lingual of the upper anterior teeth

DB09-0251 £38.95

**Bracket Mini-Mold Tips**
Creates edgewise brackets, ideal for minor tooth adjustments.

DB09-0252 £38.95

**Button Mini-Mold Tips**
Creates a functional low profile button quickly and easily.

DB09-0253 £38.95

**Habit Control Mini-Mold Tips**
The small conical spike ends thumb sucking and tongue thrusting.

DB09-0254 £38.95

**Wire Bonder Mini-Mold Tips**
Ideal for making direct bond lingual retainers.

Large - 4.5mm DB09-0255 £38.95
Small - 3mm DB09-0255 (for wire sizes up to .020") £38.95

**Posterior Molar Pad Mini-Mold Tips**
Designed to open the bite from the posterior teeth.

DB09-0256 £38.95

**Tube Bonder Mini-Mold Tips**
Designed to create a temporary tube.

Piezotome Solo

Piezotome Solo, the best of SATELEC® technology in a compact and accessible generator. It integrates the most powerful, reliable and safe components for a use dedicated to ultrasonic pre-implant surgery.

The Piezotome Solo is delivered with a complete set of indispensable accessories for an immediate use:

- 1 powerful Piezotome Solo unit
- 1 boosted ultrasonic hand piece (6 ceramics)
- 1 footswitch with arch
- 1 Essential kit with its dynamometric wrench

RRP £4900.00
Offer Price £3920.00

FREE DEMO & TRIAL

I-Surge +

Thanks to its aluminum case, calibration system, 5 customizable and memorized programs, 7 contra-angle ratios and its large multifunction footswitch equipped with pressure sensor, the I-Surge + becomes an indispensable ally.

The high technology autoclavable micromotor offers a smooth and stable motion for a precise gesture. The micromotor is maintenance free: no lubrication is needed. Finally, the unit is equipped with a special “No-Drop” system to eliminate additional irrigation leakage when pump flow is stopped.

Motor speed range (without contra-angle): 400 to 40,000 rpm
Motor speed range (with a 20:1 contra-angle): 20 to 2,000 rpm
Motor torque (with a 20:1 contra-angle): up to 72 Nm

RRP £2455.00
Offer Price £1964.00

Irrigation Lines

Irrigation lines for pump and pump cartridge for single use (for old generation of Max units too).
